

# THE NEW LEVEL OF EVOLUTION

## OUR COMPANY PROFILE

# About Us

RIGA Established in 2007, RIGA boasts a collective wealth of experience that has solidified its position as a reputable and dynamic player. We take pride in our commitment to client satisfaction and dedication to delivering excellence.

Operating with distinction in Egypt, the Middle East, north Africa, and sub-saharan countries, RIGA has emerged as the foremost provider of engineering, construction, and plant operation and maintenance services. With an extensive and esteemed history, we stand as a testament to our industry-leading expertise, ensuring excellence in every aspect of our operations.

# Mission

At RIGA, our mission is to pioneer industrial construction and EPC contracting solutions, setting the benchmark for excellence in the Middle East and Africa. We are committed to delivering superior quality, adhering to the highest safety standards, and leveraging our rich heritage to contribute to our client's lasting success.

# Vision

To be the undisputed leader in industrial construction and EPC contracting, driving innovation, sustainability, and growth across the Middle East and Africa. We envision a future where our legacy of excellence continues to inspire progress, shaping a world where quality and safety redefine industry standards.

# A Message From The Chairman & Ceo

**Khayri Abo El-Yazzed**

Despite the ever-changing market dynamics and economic uncertainties impacting local and international financial markets, RIGA achieved satisfactory growth rates.

This success can be attributed to the dedicated efforts of its staff. Implementing flexible working plans and the team's collective knowledge and valuable experience proved beneficial for RIGA. The engineers, foremen, and technicians played a crucial role in the company's performance, resulting in client satisfaction and enabling RIGA to expand into new markets in the Middle East and North Africa (MENA) and Sub-Saharan regions.
